

## DECLARATIONS OF INTEREST

Please refer to the attached guidance notes before completing this register entry. In addition to guidance on each section, examples of information required are also provided. Where you have no relevant interests in the relevant category, please enter 'none' in the register entry.

Please return this form by e-mail and also a printed signed copy in addition to the e-mailed version; updates after this need only be provided electronically.

<b>Name:</b>	Cathie Sudlow
--------------	---------------

**Please list all MRC bodies you are a member of:** E.g. Council, Strategy Board, Research Board, Expert Panel etc and your position (e.g. chair, member).

- Methodology Research Panel, chair

**Main form of employment:** Name of University and Department or other employing body (include location), and your position.

- Professor of Neurology and Clinical Epidemiology, University of Edinburgh; Chief Scientist, UK Biobank

**Research group/department web page:** Provide a link to any relevant web pages for your research group or individual page on your organisation's web site.

- <http://www.ed.ac.uk/schools-departments/clinical-brain-sciences/people/principal-investigators/professor-cathie-sudlow>
- <http://www.ukbiobank.ac.uk/>

**Please give details of any potential conflicts of interests arising out of the following:**

**1. Personal Remuneration:** Including employment, pensions, consultancies, directorships, honoraria. See section 1 for further guidance.

- Salary from University of Edinburgh

**2. Shareholdings and Financial Interests in companies:** Include the names of companies involved in medical/biomedical research, pharmaceuticals, biotechnology, healthcare provision and related fields where shareholdings or other financial interests. See section 2 for thresholds and further guidance.

- None

**3. Research Income during current session (financial year) :** Declare all research income from bodies supported by the MRC and research income from other sources above the limit of £50k per grant for the year. See section 3 for further guidance.

You do not need to provide the total value of the award or your total anticipated grant income within the year though you may wish to do so.

*Potentially serious incidental findings on brain and body magnetic resonance imaging in the UK Biobank cohort study*

(Main supervisor for Dr Lorna Gibson)

**£175,635**

UK Biobank Project Grant

01/09/2014-30/06/2017

*Data linkage and outcomes adjudication work programme*

(PI)

**£635,800**

MRC Programme Grant

01/04/2014-31/03/2019

*Dementias Platform UK*

(Co-I, dementia outcomes work package lead, steering committee, UK Biobank liaison)

(PI: Dr John Gallacher, Cardiff University)

**£12 million**

MRC & Wellcome Trust Programme Grant

01/07/2013-31/12/2019

*UK Biobank imaging study*

(Co-I & UKB Chief Scientist)

(PIs: Prof Sir Rory Collins, University of Oxford

& Prof Paul Matthews, Imperial College London)

**£36 million**

Chest Heart & Stroke Scotland Research Training Fellowship

01/03/2014-31/08/2015

*The association between blood pressure and the different*

*pathological types of stroke in UK Biobank*

(Main supervisor for Dr Rebecca Woodfield)

**£85,014**

British Heart Foundation Special Project Grant

03/12/2012-02/12/2017

*'REstart or STop Antithrombotics Randomised Trial (RESTART)'*

(Co-I & member of trial steering committee)

(PI: Prof R Al-Shahi Salman, University of Edinburgh)

**£1,342,826**

MRC & Wellcome Trust

01/07/2010-30/06/2017

*Programme renewal for UK Biobank*

(Co-I & UK Biobank Chief Scientist)

(PI: Prof Sir Rory Collins, University of Oxford)

**£35 million**

**4. Major academic collaborators [national and international]:** Declare all significant collaborations outside your primary institution or organisation. See section 4 for further guidance.

International Stroke Genetics Consortium – facilitates collaboration among multiple institutions and researchers globally to elucidate the genetic architecture of stroke and related phenotypes

National Institutes of Health Ischaemic Stroke Genetics Study – research collaboration

University of Harvard & Broad Institute, Boston, USA, Intracerebral haemorrhage genetics collaboration – research collaboration

Cohorts for Heart and Ageing Research in Genomic Epidemiology (CHARGE) consortium – research collaboration

METASTROKE (consortium of ischaemic stroke genetics studies) – research collaboration

UK Biobank resource building / research collaborations with multiple institutions and scientists engaged with working groups – see [www.ukbiobank.ac.uk](http://www.ukbiobank.ac.uk)

**5. Un-remunerated involvement with and membership of medical, bio-medical, pharmaceutical, healthcare provision or science organisations or health policy/communication and similar activities/organisations:**

Data and Safety Monitoring Board, TARDIS (international, multicentre, randomised trial of antiplatelet therapy after TIA or ischaemic stroke), 2010-  
Expert Advisory Board, UK Clinical Practice Research Datalink, 2012-  
Trial Steering Committee, RESTART (international, multicentre, randomised trial of antiplatelet treatment after intracerebral haemorrhage), 2012-  
International Stroke Genetics Consortium Steering Committee, 2013-  
MRC Dementias Platform UK Steering Committee, 2013-  
UK MRC Brain Banking Network Steering Committee, 2014-  
Chair, Trial Steering Committee, PD-STAT (Simvastatin as a neuroprotective treatment for moderate Parkinson's disease), 2014-  
Access Committee for Centre for Longitudinal Studies Cohorts, 2014-  
• Million Women Study Steering Committee, 2015-

**6. Political/pressure group associations:** Members are expected not to occupy paid posts, or hold high-profile unpaid roles within a political party, pressure group or similar organisation. Any political/pressure group association should be declared. See section 6 for further guidance.

- None

**7. Family:** Provide details of any potential conflicts that may arise out of any known interests of immediate family. See section 7 for further guidance.  
Please indicate which section (1-6) above applies. Family members do not need to be identified, either by name or their relationship to you.

None
