4. Major academic collaborators [national and international]: Declare all significant collaborations outside your primary institution or organisation. See section 4 for further guidance.

- I moved from Newcastle University to Cambridge University in October 2014. I hold a visiting professorship in public health at the University of Newcastle, where most of the research on which I continue to collaborate is conducted. Other collaborators in this research are based at Bristol, Sheffield, Stirling, Durham, York, Liverpool and Teesside Universities, and University College London, and the London School of Hygiene and Tropical Medicine

5. Un-remunerated involvement with and membership of medical, bio-medical, pharmaceutical, healthcare provision or science organisations or health policy/communication and similar activities/organisations:

- I hold a visiting professorship in public health at the University of Newcastle.
- I hold the position of honorary consultant in public health with Public Health England.
- In my role as director of the NIHR public Health Research Programme, I sit on the NIHR Strategy Board, The Committee of Chairs and Directors of NIHR programmes, and I am Editor in Chief of the NIHR Public Health Research Journal
- I am a member of the Faculty of Public Health, Academic and Research Committee.
- I am President, an Executive Committee member and Trustee of the United Kingdom Society for Behavioural Medicine (UKSBM)

6. Political/pressure group associations: Members are expected not to occupy paid posts, or hold high-profile unpaid roles within a political party, pressure group or similar organisation. Any political/pressure group association should be declared. See section 6 for further guidance.

- None

7. Family: Provide details of any potential conflicts that may arise out of any known interests of immediate family. See section 7 for further guidance.

Please indicate which section (1-6) above applies. Family members do not need to be identified,

either by name or their relationship to you.

- My partner is Dr Jean M Adams (Senior Lecturer), who also works in the MRC Epidemiology Unit at Cambridge University. We collaborate on a number of pieces of research currently (see (3) above).
