

DECLARATIONS OF INTEREST

Please refer to the attached guidance notes before completing this register entry. In addition to guidance on each section, examples of information required are also provided. Where you have no relevant interests in the relevant category, please enter '**none**' in the register entry.

Please return this form by e-mail and also a printed signed copy in addition to the e-mailed version; updates after this need only be provided electronically.

Name:	Patrick Chinnery
--------------	------------------

Please list all MRC bodies you are a member of: E.g. Council, Strategy Board, Research Board, Expert Panel etc and your position (e.g. chair, member).

- Neurosciences & Mental Health Board, chair
- Strategy Board

Main form of employment: Name of University and Department or other employing body (include location), and your position.

- Professor of Neurology & Head of the Department of Clinical Neurosciences, University of Cambridge

Research group/department web page: Provide a link to any relevant web pages for your research group or individual page on your organisation's web site.

-

Please give details of any potential conflicts of interests arising out of the following:

1. Personal Remuneration: Including employment, pensions, consultancies, directorships, honoraria. See section 1 for further guidance.

- Salary from the University of Cambridge
- NHS Pension

2. Shareholdings and Financial Interests in companies: Include the names of companies involved in medical/biomedical research, pharmaceuticals, biotechnology, healthcare provision and related fields where shareholdings or other financial interests. See section 2 for thresholds and further guidance.

- None

3. Research Income during current session (financial year): Declare all research income from bodies supported by the MRC and research income from other sources above the limit of £50k per grant for the year. See section 3 for further guidance.

You do not need to provide the total value of the award or your total anticipated grant income within the year though you may wish to do so.

2015 – 2017	National Institute for Health Research – Rare Diseases Translational Research Collaboration. Disease progression in mitochondrial disease. (£205K).
2016 – 2019	Engineering and Physical Sciences Research Council Research Grant: ReComp: sustained value extraction from analytics by recurring selective re-computation. (Col 8% EP/N01426X/1)
2015 – 2018	National Institute for Health Research – Senior Investigator Award Renewal (PI NF-SI-0514-10016, £45K).
2015 – 2017	MRC Confidence in Concept. Bezafibrate to treat mitochondrial myopathy. Internal award.

	(PI 100% £69K)
2015 – 2018	GlaxoSmithKline. Novel biomarkers for mitochondrial disease (PI 100% £197,219).
2014 – 2017	Medical Research Council Clinical research capabilities call. The Newcastle University Single Cell Functional Genomics Unit (PI 33% £1.98M)
2014 – 2017	Wellcome Trust Clinical Research Training Fellowship to Dr Michael Keogh. The role of inherited and acquired mitochondrial DNA mutations in dementia with Lewy bodies (103396/Z/13/Z, £221K)
2013 – 2018	Wellcome Trust Senior Clinical Fellowship 2nd Renewal () Genetic factors modulating the expression of mitochondrial disease. (PI 101876/Z/13/Z £1.3M)
2013 – 2015	Medical Research Council Maximising the value of MRC Brain Banks: high-throughput genomic studies to enrich data available to the research community. (13044, £1.7M. Newcastle PI)
2013 – 2015	Medical Research Council High throughput genomics and transcriptions of the human development biology resource. (PI £891K)
2013 – 2016	Wellcome Trust Clinical Research Training Fellowship to Dr Peter Kullar (101700/Z/13/Z). Defining the cellular and molecular mechanisms of mitochondrial deafness (£225K)
2012 – 2016	EU-FP7-PEOPLE-2012-ITN Marie Curie Training Network (Grant Agreement 317433). MEET – Mitochondrial European Educational Training (£425K)

4. Major academic collaborators [national and international]: Declare all significant collaborations outside your primary institution or organisation. See section 4 for further guidance.

Valerio Carelli – Bologna
Nils Goran Larsson – Germany
David Samuels – USA

5. Un-remunerated involvement with and membership of medical, bio-medical, pharmaceutical, healthcare provision or science organisations or health policy/communication and similar activities/organisations: This may include non-executive and advisory positions, directorships and other positions of authority. See section 5 for further guidance.

2012 – Co-chair, NIHR Rare Disease Translational Research Collaboration
2014 – UK Bioscience Centre (Board member)

6. Political/pressure group associations: Members are expected not to occupy paid posts, or hold high-profile unpaid roles within a political party, pressure group or similar organisation. Any political/pressure group association should be declared. See section 6 for further guidance.

- None

7. Family: Provide details of any potential conflicts that may arise out of any known interests of immediate family. See section 7 for further guidance.
Please indicate which section (1-6) above applies. Family members do not need to be identified, either by name or their relationship to you.

- None
