How to apply – Industrial CASE

Important Information for applicants

It is the applicant’s responsibility to ensure they apply to the correct call and that their application is submitted with adequate time to allow their research organisation, to complete necessary checks and complete the final submission (through Je-S), to the MRC by 16:00 (GMT/BST), on the advertised MRC Industrial CASE Studentships web page.

Applicants will have a set window (usually eight weeks) during which applications can be entered, viewed and submitted within the Je-S system. As a result, any applications or amendments must be completed and submitted within this timeframe. Programme Managers will not be able to offer discretionary extensions to any applicant.

Using the Joint electronic-Submission System (Je-S)

Proposals for MRC grant schemes must be submitted through the Joint electronic-Submission (Je-S) system (to the MRC), by 16:00 (GMT/BST), on the advertised call closing date.

Please also note the following:

The proposal form does require Grant Holder information to be added. Therefore the person to be added to the Je-S proposal is required to have an active Je-S account (the Je-S account type can be either verified or unverified).

New Je-S users should select here to commence the create account process and gain access to the Je-S System.

If applicants require any further assistance, either accessing Je-S or completing their Je-S application, please contact the Joint Electronic Submissions (Je-S) Helpdesk, which is the first point of contact for the Research Councils UK.
