- Working in partnerships to improve health and identify new and better disease treatments.
- MRC-funded science has led to over 40 new authorised products and interventions. We’re building on this tradition through collaboration.
- We have developed partnerships with over 500 life science companies.
- The MRC’s innovative resources are open to you. Examples include patient cohorts, the UK Brain Banks Network and e-health centres.

We’d like to hear your ideas for joint initiatives, large or small. Please get in touch at industry@headoffice.mrc.ac.uk
